

FRONTIER DRIVING ACADEMY

DEFENSIVE DRIVER TRAINING COURSE

Designed for both individual and corporate clients, this course will empower drivers to understand how to best manage the roadway system more safely and fuel efficiently for themselves or their workforce.

The program consists of four hours of practical In-car instruction that will be taught in a certified Manitoba Public Insurance Training Vehicle by a certified MPI Driver Trainer, with experience in both Novice and Professional driving instruction.

The course will consist of the following that will be implemented during your In-car training...

- *Learning what SIPDE means and how to adapt it to your driving environment.*
- *How to drive with a proper space cushion alongside other road users.*
- *Understanding why speeding compromises your ability to drive safely and fuel efficiently.*
- *What “coasting” means and how it will save you hundreds of dollars annually.*
- *The best braking techniques for all driving situations.*
- *Winter driving tips and techniques to keep you safe.*

Upon completion of the course, the client will be provided with a “Dynamite Defensive Driver” certificate by Frontier Driving Academy and a signed checklist will be provided indicating the new driving skills attained from the course.

The course fee is \$200 per individual and any inquiries can be made to **Joe Buccini** by phone at **204-229-0680** or via e-mail at frontierdrivingacademy@gmail.com
